The title should be a brief phrase adequately describing the content of the paper.

1.2 Author(s)
Please add the name, institution, country of the author(s) of the paper.

1.3 Abstract
An abstract of a paper should be an integral part of the conference contribution; it gives a summary of the information on the paper. It should not exceed 3,500 characters (including spaces) and should be designed to clearly define the content of the paper. The abstract should:

References to literature, bibliographic information, figures or tables should NOT be included in the abstract.

The final version of the completed paper should not exceed 15 pages in length.

2. Style
NISPAcee requires the following stylistic points to be followed for all manuscripts.

2.1 Format and Language
Papers should be submitted in RTF, DOC format and written in English. If it is necessary, the tables, graphs or other graphics can be submitted separately in other formats – XLS, PDF, EPS, TIF, JPG.

2.2 Titles and Subtitles
Titles should be typed in capital letters in Times New Roman size 12 and bolded. Names of authors should follow below the title in italics with a footnote indicating the author(s)’ position, institution, city and country.
Subtitles should appear in bold with only the first letters capitalised. Subtitles and the main body of the text of the paper should be in Times New Roman, size 10. New paragraphs should not be indented.

2.3 Numbering Sections
For purposes of clarity, sections and sub-sections of the text should utilise the scientific numbering system. Please note that no more than two levels of sub-sections should be used whenever possible. Main section titles should appear in bold, and sub-section headings should be both bolded and italicised.
