SECURITY PERCEPTION:

Receptors are constantly collecting information around us.
Artificial intelligence Michihito Matsuda run for local elections – to be a mayor in the suburb of Tokyo

Latvia: February 26, 2019: Initiative #valsts196
HUMAN SECURITY

- Political security includes also public administration
- Capacity to implement policies, effectiveness
- Capacity to cope with global challenges
The main threats
(November 2017, Latvia)
EXPECTATIONS

- Redesign of public services
- Real time reaction
- Better regulation
Thanks!
